

INSTITUTIONAL PORTFOLIO PROTECTION

Zero Default. Guaranteed Income.

RentGuard is an institutional rent guarantee engine for residential portfolios. We eliminate the single largest risk in real estate — tenant default — while driving operational efficiency through AI-powered underwriting.

THE CRITICAL EXPOSURE

Every Residential Lease Is An **Unsecured Credit Risk.**

OUR UNFAIR ADVANTAGE

Brokers Are Our Primary Sales Force.

By incentivizing Florida's 200,000+ real estate agents with a high-margin referral structure, RentGuard has built a frictionless, nationwide distribution layer that is already embedded in the deal flow.

10% Referral Incentive

Brokers are motivated to pitch RentGuard to every landlord as a "Closing Tool" to secure nervous owners.

Automated DEAL Flow

Brokers initiate the deal in 60 seconds. The system handles underwriting, tenant onboarding, and payment.

Scale Without Sales Reps

Our B2B2C model creates a viral growth loop within brokerages, making us the default choice for rent protection.

THE ROI OF SECURITY

Institutional Grade Income Stability.

Expenses

One single default event costs more than protecting your **entire portfolio** for a year. RentGuard converts unpredictable risk into a fixed, manageable operating expense.

THE UNDERWRITING ENGINE

Data-Driven Decisions at Internet Speed.

AI Scoring

15+ data points evaluated in sub-seconds. Tiered risk modeling (Green/Yellow/Red) tailored for Florida markets.

Upfront Cashflow

All premiums are collected upfront annually. No monthly collection risk. Clear, simple, secure.

Broker Portal

Dedicated dashboard for agents to track referrals, payouts, and client status in real-time.
